From The Desk Of **COLE ANN**
Dear Friend,
 There's no doubt that membership sites are profitable and that you can start a successful one...but when do you start?

On the internet and in the world around you, membership sites are being created every minute and every day. This is because membership sites generally provide access to something that is unique from other sites. They also hold communities of people who...

If you don't have a membership site already, it's about time you start one. It doesn't matter if you're a beginner or an expert. Creating a membership site is simple and you can get started today. Here's how to do it...

What's really stopping you from moving forward?
 The Roadblock! It's often the case that you get excited about making a membership site and then you get stuck. You know you want to do it, but you just don't know how to do it. Here's how to get started...

So What's In These Videos That Will Help Me Start My Own Membership Website?
 This video series is packed with quick shortcuts that will save you time, with high quality and detailed methods that you'll be able to use for years to come.

Here are the eight videos:

1) Introduction - What You Need to Know to Get Started!
 (8 minutes and 25 seconds)

Before you get started, it's important to know what you're getting into and what you'll need to have before you start. You'll also learn about the all the other things you need to do in the future.

2) How To Plan Your Membership Site Out!
 (9 minutes and 22 seconds)

Not having a plan in hand to organize your site and your goals will lead to your membership site being a mess. In this video, you'll learn how to plan out your site and how to organize your membership site so that you make the most of your members' good time. You'll also learn how you can protect and take your membership site and how to make an actual site.

3) How To Set Up And Organize Your Download And Welcome Page!
 (14 minutes and 38 seconds)

Knowing how to set up download pages or pages to access your content is very important. It will ensure that you have no problems with your members' access to the content you're providing. In this video, you'll learn how to set up your download pages and how to make them user-friendly, which allows you to save time when you update your files by your own hand.

4) How To Set Up A Membership Blog!
 (17 minutes and 27 seconds)

Setting up a blog is going to be essential for your membership site, so before you get started, you need to know how to set up a blog. In this video, you'll learn how to set up a blog for your membership site and how to make it user-friendly, which allows you to save time when you update your files by your own hand.

5) How To Set Up A Small Business Forum!
 (18 minutes and 30 seconds)

Setting a forum allows your members to interact with each other frequently. In doing so, it also allows you to organize the content of your forum. In this video, you'll learn how to set up a forum for your membership site and how to make it user-friendly, which allows you to save time when you update your files by your own hand.

6) How To Install MemberPro!
 (11 minutes and 20 seconds)

In this video, you will learn how to set up the membership site from scratch. This is where it gets technical, and sometimes it can be a big roadblock for some of you. We'll go through the process of installation, showing you each and every step to make it as easy as possible.

7) How To Create Products And Protect Your Files With The Script!
 (9 minutes and 35 seconds)

Creating products within your membership site and protecting them is important. You'll learn how to do this with the MemberPro script. You'll also learn how to protect your files and how to make them user-friendly, which allows you to save time when you update your files by your own hand.

8) Putting It All Together And Testing!
 (4 minutes and 8 seconds)

Testing your membership site when it's completely done is important. You'll learn how to do this with the MemberPro script. You'll also learn how to protect your files and how to make them user-friendly, which allows you to save time when you update your files by your own hand.
